

EASTWOOD HOUSE CARE HOME

A team that really cares

The perfect location and friendly environment...

Part of the Halcyon Care Group, established quality care providers in Lincolnshire since 1989 and situated on its own spacious grounds in a delightful area of Rotherham overlooking Clifton Park's acres of grassland and trees, Eastwood House is a unique care home with modern facilities and equipment combined with an old-fashioned character maintaining a homely feel. The home is close to all local amenities including a main bus route, train station and Rotherham town centre. Also with the M1 motorway only two miles away, visiting will never be a problem.

Eastwood House offers personal care for up to 37 residents who have dementia, physical disabilities and mental health issues. Our rooms are single occupancy – we also have some twin rooms – each room has ensuite facilities. The rooms are spacious and offer a choice of colour and furnishings which can be personalised to suit residents' choices and preferences. The home has level access and wide corridors, which give wheelchair access and a safe environment for more mobile residents.

There are two lounges (one lounge/dining area) and a separate dining room. The home benefits from a front patio and an enclosed, private, well maintained rear garden. Other facilities include a hairdressing salon and the home boasts a large conservatory with access to the rear patio.

We offer a secure but homely environment that ensures that residents' health and wellbeing are promoted. At Eastwood House, you will meet new friends and have the opportunity of joining in with regular activities and entertainment. Visitors are welcome at any time and the home is very much involved in local area activities. We aim to treat everyone as an individual with dignity, respect and encourage each resident to make the most of their lives with us.
